

**AVON FIRE & RESCUE SERVICE ASSISTANCE TO BARIATRIC (OBESE)
MEMBERS OF PUBLIC**

- Avon Fire & Rescue Service do not hold information relating to the following:
 - Assistance to other emergency services or NHS to lift bariatric patients
 - Occasions when AF&RS has been called to help someone in an emergency who has become trapped in some way due to their size
 - Other scenarios in which your assistance has been required because of an individual's obesity.

- Avon Fire & Rescue Services do not hold this information as incidents that may involve this type of assistance are not recorded under a separate classification code. AF&RS record attendance to assist as "lift person", which could be for a variety of reasons (e.g. person trapped in a ditch) and we do not make a record of a person's weight/size and are not in a position to judge whether a person is classed as obese.
